

ACCESSIBLE TECHNOLOGY

PRODUCTS FOR THE MUSIC CLASSROOM

Innovative products can help make it easier to teach and learn music. From assessment needs for private lessons to recording live ensemble performances, tech products can help. Here are just some of the best products made by leading manufacturers that will ensure a successful experience.

NOTATION SOFTWARE

Students, composers and musicians of all skill levels need to notate and share their music so they can collaborate, get teacher feedback, or print out lead sheets for a performance. Hal Leonard distributes a variety of popular programs that make this all possible.

Sibelius

Perpetual Editions with Software Updates + Support Plan

Avid

Now everyone has access to the fastest, easiest way to write music. Sibelius | Ultimate provides the most complete notation toolset, with fully customizable layouts for composition, post-production, and publishing. Sibelius keeps the same features, ease of use, and layout control of the original Sibelius | First Software to now create better sounding, and more detailed scores.

00278385 Sibelius.....\$119.00
00278388 Sibelius | Ultimate... \$299.00

Dorico

Advanced Music Notation System
Steinberg

Dorico combines the finest engraving of the last millennium with the cutting-edge technology of the next. Dorico is easy enough for anyone to learn, yet has hundreds of advanced notations, features, options and sounds to satisfy the most demanding professionals.

COMPOSITION SOFTWARE

Band-in-a-Box

PG Music, Inc.

There are many exciting new features in Band-in-a-Box®! First is our brand-new 64-bit version, which works

well with the latest plugins and 64-bit OS features! There's also a completely redesigned SongPicker; advanced filters to help with searches for RealTracks, RealDrums, and MIDI SuperTracks; notation enhancements; 300 more song titles in the Song Titles browser; and much more!

00289984 Windows Edition....\$129.95
00281284 Macintosh Edition..\$129.95

Progression 3 by Notion

Composition Software for Guitar, Bass and Drums

PreSonus

Progression 3 lets you enter tab and notation more

easily than ever and hear your music played back with real instrument samples. It makes short work of creating your own guitar tab, lead sheets, and standard sheet music-complete with your audio track; plus it instantly and seamlessly integrates your score with real audio samples performed by professional musicians at top studios.

INTERFACES & CONTROLLERS

The quality of your connection from your instrument to the computer is handled by the interface. Here are options for inputs from a keyboard, any miked instrument or voice, and even directly from the guitar strings.

AUDIO INTERFACES

Mio
1-In-1-Out USB to MIDI for Mac and PC
iConnectivity
mio is a 1-in-1-out USB 16-channel MIDI interface to connect your MIDI compatible controller, keyboard, synthesizer or drum machine to your computer, mio is USB bus powered and is plug and play compatible with Windows and Mac computers.
00154862 \$49.99

iConnect Audio 2/4
iConnectivity
iConnectAUDIO2/4 is the portable interface you've been waiting for – built to take everything you can throw at it. It includes 2 Ultra-low noise mic/line/instrument inputs for studio-quality recording, plus 2 independent stereo outputs let you monitor one track in headphones while playing back another over the main outs.
00214962 \$149.99

AudioBox USB 96
PreSonus
This simple, handy little recording interface allows you to plug in and start recording up to 24-bit, 96 kHz audio right away. The two front-panel combo mic/instrument inputs make it ideal for singer/songwriters, podcasters, and guitar or guitar-bass collaborations. A mix control lets you control the level between the input signal and computer playback, without hearing annoying delays.
00237319 \$129.95

iD4
2-In/2-Out Audio Interface
Audient
iD4 delivers the audio performance of a large format console in a portable desktop package enabling you to record your vocals and guitar simultaneously. It provides one renowned Audient console mic pre, class-leading converter technology, dual headphone outputs, console style monitor control, JFET D.I and our virtual scroll wheel technology 'ScrollControl'.
00284408 \$199.00

M-Track 2x2
M-Audio
Create flawless 24-bit/192kHz studio-quality recordings with the M-Track 2x2. It features all-new transparent low-noise pre-amps and pristine A/D converters that deliver the highest audio performance in its class. The M-Track 2X2 enables you to record up to 2 channels at once with its dedicated XLR+1/4" balanced combo input, and an all-new 1/4" instrument input that has a specially designed gain and impedance stage.
00191871 \$199.00

UR22 mkII
Steinberg
Record and compose music in studio quality on your laptop or iPad. Engineered to offer outstanding quality for its price class, the UR22 mkII offers a full-on mobile production platform for laptops and – using the additional power input – also for iPads. Plug in condenser and dynamic microphones to one of the two onboard D-PRE preamps, connect your guitar to the Hi-Z input, add MIDI equipment via the onboard MIDI I/O and connect monitor speakers and headphones to monitor your sound.
00156085 \$149.99

USB/MIDI KEYBOARD CONTROLLERS

Graphite M25
Mini USB MIDI Controller
Samson Audio
The Graphite M25 features a 25-key velocity-sensitive mini keyboard, trigger pads with aftertouch, a full-featured control surface and additional programmable functions for advanced playability and customization. It features iPad/USB bus power and plug-and-play operation.
00140043 \$129.99

Graphite 49
USB MIDI Controller
Samson Audio
The Graphite 49 gives you all the performance and production control you need to get the most out of your music software. Combining an intuitive 49-key semi-weighted keyboard with a feature set that is both useful and accessible, it allows you to express your most dynamic musical ideas.
00140041 \$259.99

iRig Keys I/O
Keyboard Controllers for Mac, PC and iOS
IK Multimedia
The iRig Keys I/O series are the only controllers that integrates full sized keys together with a professional audio interface featuring 24-bit audio up to 96kHz sampling rate, balanced stereo and headphone outputs, plus a combo input jack for line, instrument or mic input – with Phantom power. iRig Keys I/O also includes a premium controller including velocity sensitive multi-colored pads and programmable touch-sensitive sliders, buttons and knobs. Bundled inside is over \$550 (25 Keys) and \$750 (49 Keys) worth of IK full software and apps that includes SampleTank 3, Miroslav Philharmonik 2 CE, Syntronik, and T-Racks Deluxe mix and mastering suite.

MultiMix 4 USB FX
4-Channel Mixer with
Effects & USB Audio
Interface

Alesis

MultiMix 4 USB FX is a four-channel desktop mixer with a USB digital audio interface that lets you mix live, in the home studio, and record audio directly to a computer.

This compact mixer is perfect for using in computer-recording setups, intimate live-sound environments, video-editing and production studios, and portable podcasting setups. It outputs line-level analog audio and stereo 16-bit, 44.1/48 kHz digital audio over USB for recording low-noise, CD-quality mixes directly to your Mac or PC.

- 00128819 \$199.00

**MultiMix 8
USB FX**
8-Channel Mixer
with Effects/USB
Audio Interface

Alesis

This compact mixer with built-in effects doubles as a computer

recording interface so you can mix, record, or do both at the same time. Whether you are mixing a band or sub-mixing a group of inputs, such as a drumset, the MultiMix 8 USB FX is easy to use, rugged, and packed with features. Offering microphone inputs with phantom power, guitar-direct inputs, and line-level inputs for connecting everything else, plus a wide range of effects, the MultiMix 8 USB FX delivers clean audio to your PA or recording system plus hassle-free computer connection.
